Memory is a sudden trip.
Never could a plane or ship
Return us as our memories do
To the places we once knew.

Back to lands where we set
sail
In our youth, or find the
trail
Where the wild flowers on the
hill,
Time-untouched, are bloom-
ing still.

Strange and swift the way we
go;
Instantaneous, as though
Years had never come between
These winter shores and those
of green.

Somewhere treasured in the
mind

Lies each place you long to
find,
Hidden, secret, virgin yet,
Sweet with rose and violet,

Lovelier by far than when
We first saw them. Time,
again,
Never shall turn back, but we
Travel there by memory.

Dearest Dessie,

I was so happy to get your letter, and thanks for writing. '24 was a real lucky number, wasn't it?

"GET OFF THE EARTH!
GIVE US THE FLOOR!

WE'RE THE CLASS OF '24!" the old class yell, and our motto: "ZIP", and colors pink and green (weren't they?) which made such lovely coloring for the flower decorations and sweet-pea arbors, etc. at the Banquet-----beautiful, even when viewed through biscuits (rolls) flying around the tables.

I had such a happy time those good ol' school days--- in fact, my whole Arnold "habitation" was a JOY, and everything ROSY ----and just G-R-E-A-T! I loved every minute of it! Pump-pump-Pull away at recess, and Red Line, and jumping rope (Red Pepper) etc. And the good teachers we had --God love 'em for their patience and fortitude to instill love for learning and living and fair play: the mustachio-ed Supt. Ulysses S. Dunn, the lovely and fragile Glamour Girls--Misses Grace Miller, Ruth Needham (Spencer, now) Eula Black, Miss Bohlman. And later, Miss Estella Tenbrink, Misses Irwin and Wood, Miss Mary Davis; and that handsome erudite Mr. Benjamin, so polished and polite who went on to become Head of the School of Medicine at the University of Nebraska. Miss Leone Becker was our Senior Sponsor---- Sneak Day, Baccalaureate and Commencement (with the Hon. Charles Reed delivering the address). And we were privileged to have Superintendent Emil Benthack.

Is it really true that you and Lilly are the only ones of GOOD OL' '24 in Arnold now? Well, you're both so lively and entertaining and charismatic that you make up for a lot. I won't be able to come to the GREAT REUNION as I am in Austin, Texas now with Amy . . . but I'll be thinking of all of you, and

rootin' for a grand and glorious time for all!

Remember the perfectly stupendous, amazing, astounding basketball team we had? Ed and Wayne Ervin, Roy Root and Henry Geiser, Darr and Lynn Ricker, Nelson and Ken Downing, Virgil Haught, Vryl and Ross Brown, and many others----but Arnold always has a great team!

I must get my congratulations in the mail for the good work all of you fine loyal people in Arnold and elsewhere who keep this wonderful get-together going, and for the correspondence we get to read in the outstanding "news-letter" which you issue. Keep it up!

VIVE LA CLASS OF '24!

Yours in fond remembrance

Flora Parsons Beatty '24

Dear Class of '24 and Friends,

I can hardly believe this is the fiftieth anniversary for the Class of 1924. But the calendar says it's true. In 1956 Byrne and I, with our daughter Rosella, and son Don, moved from Arnold to Thayer, Missouri. In 1970 Byrne passed away and I decided to move to Merna, Nebraska where Rosella and her husband, Allen Geiser, and their four children live on a farm. I enjoy them so much. Don, with his wife Phyllis and their three children, live in Indianapolis, Ind.

I attended the banquet last year and enjoyed it very much. I plan to attend this year and hope to see many of my class mates and friends.

Sincerely,

Flora Parsons Beatty
Merna, Nebraska

Liela Harrell Pearce '24

Dear Alumni of Arnold High:

Is it possible that fifty years have passed? Seems like it was only yesterday. The Class of '24's graduation

was held in the Methodist Church and a fellow alumni gave the address - Charles Reed if my memory serves me correctly. I see by the Arnold Sentinel that the old Methodist Church is about down and will soon be another memory.

I am planning on attending this years banquet and hope to see many of my classmates there as well as many alumni friends.

The years have been kind to me since graduation. I lived in the Arnold community until the fall of 1954, when we moved to this locality. I have enjoyed our years here as well as the difference in scenery and culture, but find the people friendly wherever I am.

I have two sons in Nebraska and one in Texas, so get to Nebraska quite often, as well as Texas.

A big "thank you" to the Arnold people who carry on the work of the organization. I know you give so much of your time and talents, which makes this possible for so many to enjoy.

Sincerely,

Liela Pearce

Dear Partner:

I think it would be a better advantage to have the "get together" before the dinner and program. After the dinner and evening festivities there undoubtedly will be a dance and "reminiscing", I am sure. I am looking forward to an evening of festivities and gaiety.

I am so thrilled we are alive and well. Speaking for myself I am thrilled with life for which I give God all the credit. Since Mr. Adams and I put the Lord Jesus Christ first in our everyday life we are so contented.

Love ya,

Dessie Robison McIsaac '24

Dear Darlene:

So many times you have asked me to write some of the things I remember about the town and school "away back when". I would always tell you that the things I might think of always sounded so corny. This year you called and asked me if I knew corn was a high priced commodity, and in short supply. That made me think of the traveling shows that used to come to town. They would set up a big tent and give a different show every night for a week. Out of all those shows I remember only one scene from one act of one show, but I never forgot the "cracker jacks" they sold between acts.

Writing all the things I remember from the time the Arnold School was a one room school house with one teacher to the present time would be a labor of love, it would also take a "heap o' paper." You wanted to know some of the funny things that happened. I assure you there was nothing funny about any of it. It was the serious matter of life and - - "breath". Entering high school for instance. The illusion of a big step forward, then the disillusionment! We had actually stepped into the lion's den. The Class of 1922 were juniors then, the Big Wheels! They had a very ambitious motto "DIG!" We soon found out they had never intended to do any digging themselves, that is what they had planned to make us do, aided and abetted by all the other upperclassmen.

One evening we thought we had really come into our own. A group of the "big" girls asked a group of we "little" girls if we wanted to take a ride. We all crammed into a Model T, where the big girls told us ghost stories until it was good and dark. Then we went for "the ride" out to the cemetery, where they bet us we were afraid to go sit on the steps. What happened? They drove off and left us. No writ-

ers for TV thrillers has dreamed up the thrills we had from our imagination as we walked back to town, past all the dark buildings and the vacant lots (no street lights) to the north end of town. The spookiest part of the whole thing is that those upper classmen have all become such nice people.

The steps from the cemetery are gone, so is the old mill, which I am sure holds many a "haunting memory" for some of other Alumni. It might be funny now, but it sure wasn't then --- it was a matter of running for your life or holding your breath.

Roddy and I have made our home here in Arnold for the last thirty years or so - - kept our home, I should say, for the larger percent of the time we spent in a car, a motel or hotel. When others were planning a trip we were thinking of being home for a while. Everything has its compensations, the shortage of gasoline and the high price of traveling expenses made it more profitable to stay home than put mileage on a car. But like every busman, mailman or salesman, we have to take a ride once in a while. Where do we go?

First, we drive north of town to check on "Devil's Den" - it hasn't been filled up yet; we cross the "hog's back", which hasn't broken down; we look north and what were called sandhills are lush and green, the canyons still abundant with cedar trees. All is well to the north, so we drive back into town and out west over the bridge, circle around and come back in from the south - the water hasn't been damned up, the little river that once seemed so wide and deep and swift is still running under the bridges. The hills have been cut down to kid size and the river seems to dwaddle, yet, everything is still in order, so we drive home with a feeling of serenity and peace with the world. Then like a couple of nuts we turn on the televis-

ion set to get the news.

When the news isn't so good, that too can have its compensation for it makes you think of the little motor that used to "putt putt" in and out. It was the main line of communication and big link with the outside world. No one ever wanted to get a long distance telephone call or a telegram. That seemed to be reserved strictly for bad news. Now you dial your own or get a singing one, a big change from the time when a line ring was given to inform everyone of some big happening. Whether the news is good or bad, from "Misery Moon" to a "Man On The Moon" I wouldn't have missed any of it.

I want to congratulate the class of 1974. A span of fifty years is between their graduation and ours. I never cease to be amazed at the caliber of the young people who come out of our school each year - the girls get prettier, the young men more handsome and they are so capable. Best of all they are so friendly and considerate. What they think of us, I don't know. If they think of us as a bunch of "Old Stick-In-The-Muds" they are right. Fifty years ago we never wanted to do anything or go anywhere that we didn't get stuck in the mud.

Darlene, you should have asked me for "just a few words", then I could have taken a cue from Mr. Emil Benthack at the Alumni Banquet of 1925. When called on to say "just a few words" he took that very literally. He rose and said, "My feet below my ankles." That still holds the record for being the shortest speech in Alumni history. There are sure a lot of memories to recall, but do you mind if I save the "cracker jacks" until 1984?

Maurie Thelan '24

Dear Dessie,

Sure was nice to hear from you - but kind of scary too. Imagine that - fifty years to account for and my memory just isn't all that good any more, but I'll give it a try if you can take it.

Guess it was about '27 or '28 when the drugstore burned down and the folks moved to Kearney where we sweat out the depression years - and what memories that brings back. We did whatever we could to make an honest buck from driving taxi to bridge building until '31 when I had the opportunity to get into the radio racket by building a small broadcast station, KGFV in Kearney. So I went to radio school in Chicago and got a license and have been in one part of another of the business ever since. That same year, Elizabeth Clark, daughter of R.V. Clark, Supt. of the then Boy's Industrial School, and I were married. We managed to keep body and soul together there until '36 when I went to Earl May's KMA in Shenandoah for a year, then to KLZ in Denver for a little over four years; when we got into the war and I went with the Signal Corps and Air Force at the Ogden Air Service Depot for the duration. Our one and only son, Chuck, was born in Kearney in December '34. Elizabeth's folks had migrated out here in the meantime, so in '45 we came out here too. Then there was about three years with Radio Central, a sort of area master control and from there to KLAC, an area independent station, from which I retired as Engineering Supervisor two years ago, and have been just "dogging it" ever since. Is that boring enough?

Chuck has done a little better by this family name. He graduated from Occidental College, put in a hitch with the 101st Airborne Div. at Ft. Campbell, Ky.; taught instrumental music in the Ba-

kersfield, Calif. Jr. High Schools for seven years, married a lovely girl from Mississippi and gave us four grandchildren - three boys and a girls Like most grandparents, they really keep us going. Four years ago Chuck got a fellowship at UNC in Greeley from which he received his doctorate in Music Education last year, and is now Asst. Prof. of Music at Missouri Southern State College and loving it immensely. Joplin's climate isn't all that great, but there are other compensations. Coincidentally, Garland Harrell's son is head of the music department there, and we enjoyed meeting him when we were there at Thanksgiving last year. He naturally didn't know much about the Arnold scene aside from what he had heard from his father and mother, but it was a good visit anyway.

Would surely like to make it back for the reunion in May, but we're both quite restricted in our travels due to some pesky healthy problems. We'd sure love to hear from any of the old gang, though, if they care to drop us a line or two. We saw "Turk" Dillard just before he retired as Supt. of Schools in San Diego a few years ago. But that's about the only contact we've had. It would sure be nice to be brought up to date on what has happened to all the old gang. We often think of those good old days. I hesitate to mention names - I know my memory would skip a gear and leave out someone, and I wouldn't want to do that. So we'll just close by wishing you all a most happy and successful reunion and hope that life has been as kind to all of you as it has been to me.

Through my own neglect, I know I'm not on the list to receive the Arnold Alumni News, but if someone would be kind enough to send me a copy of this year's paper I'd be eternally grateful and pay the necessary costs. Thanks.

With fond memories and best wishes to you all,
Maurie Thelan
Glendale, Calif.

Edward E. Lindell '24

Dear Dessie:

I too was quite aware that 50 years have passed since the Class of 1924 began their efforts as good Nebraskans and U.S. citizens. Now our autumn years are upon us and this thing called time becomes much decreased than it was in 1924.

I have never been back to one of the yearly meetings, mostly because of a busy medical practice and the latter part of May was never our best time to be away. But the first of the year, I became a Senior consultant in our clinic and am retired. Senior consultant means "old man with little work and no pay". Thus I do have time and the 50th anniversary was on our list for this year, then along came the energy crunch and we have been pretty close to home the past several months. But we are still planning on being there May 25. This date happens to be the birth date of my oldest son, but I'm sure he'll manage without his parents. We will drive if at all possible, my wife Ruth has a sister at Auburn and we will visit her also on this trip. Flying may turn out the best way, but if so we will rent a car at North Platte and use it while we are there. I do appreciate your offer of Roddy and his car. He must be better trained than Ruth has me.

Both my father and mother are dead, Dad in 1965 and Mom a year later. Alice and her family live in Casper, Wyo.; Nels, also an M.D. is here at the clinic; brother Robert lives in Golden, Colorado; and Stanley, the youngest of us lives with his family in Texas. Billie Wilcher at Callaway is the only relative still living that I have in Custer County. She is my mother's youngest sister.

I did have a little contact with some Arnold people while here over the past several years. Kenneth Dailey stopped for a short visit, as did Vernon Smith. James Benjamin and wife Peg Haskell, visited us two years ago Ten or 15 years

ago I visited with Ralph Dillard at his home in San Diego. And in 1960 I did contact all members of the 1924 basketball team, secured pictures of 1924 and "now" (1960) pictures which I sent that year to the Alumni meeting.

Thanks for your nice letter and hope to see you all, and other old friends in May.

Sincerely,
Ed Lindell
Roseburg, Oregon

Hazel Pinkston Steele '24

Dear Alumni:

Thanks for the reminder. Will pay my '73 and '74 dues.

Orvel and I plan to come to attend the banquet if all goes well and we can work out the transportation.

So hoping to see all come May 25.

Sincerely,
Hazel Steele
Seattle, Washington

Doris Stewart Maser '24

Dear Dessie:

So nice to hear from you - certainly brings back a lot of old memories.

Sorry I won't be able to attend the 50th year anniversary. Would like to hear about all the old classmates, so if you could have a paper or whatever tells about them sent to me I sure will appreciate it. Seems like I did receive some thing about dues but I can't find it now so I am enclosing \$5.00 and if that is not enough let me know and I'll send it right away. Thanks heaps.

Have nothing to report about myself except that I have been under doctor's care for the past year - mostly heart trouble and old age, I guess. Also retired a year ago and have enjoyed that in spite of not feeling good. I didn't know how nice it would be to be lazy every day. When I felt good I used to think I'd go crazy not working.

My husband is retired too, of course, and we spend most of our summers fishing and boating. Have a mobile home

and boat house out at Harry Strunk Lake near Cambridge, and do enjoy it.

Sincerely,
Doris Maser
Lincoln, Nebr.

Wayne Ervin '24

Dear Dessie,

So glad to get your letter and reminder of the 50 short years. We plan to be at the Reunion.

We will be living at Alma for the next six months. We have a house there near the lake. We both love to fish, so will spend our summer up there, fishing and gardening.

I don't have any suggestions about the class get-together, but make it long. We will have lots to talk about and it will take me several hours to figure out who is who after all these years.

Sure hope to see some of our class mates there. Would like to see Coach Benjamin.

Your Class Mate of '24,
Wayne Ervin
Woodward, Oklahoma

Josephine Gion Charles '24

Dear Alumni:

The account of a half century of living is not easily compressed to a reasonable length, but I'll try.

After graduating in 1924, I attended the University of Nebraska two years and then taught three years in Nebraska grade schools.

In April 1929 I was married to Gilbert Charles, who is from Omaha. He was in the U.S. Navy, so our home for three years was in San Diego, California. We enjoyed this golden country at a time when it was at its best.

In 1932 we were transferred to Hawaii. Honolulu was our home for four years, and this too was when the islands had not been commercialized. It was a beautiful experience.

When we returned to San Diego, my husband attended recruiting school. We were sent in 1937 to the state of

our choice, Nebraska, and he was assigned as recruiter at Hastings. We enjoyed being nearer our relatives until '40, when we were sent to Charleston, South Carolina.

Gil was assigned to a destroyer that was being commissioned at Charleston Navy Yard. I was there in December 1941 when the Pearl Harbor attack occurred. Gil was at sea off the coast of England but the ship, upon its return to Boston, was sent at once to San Francisco.

I had our household goods shipped to Arnold, and drove there expecting to stay until the war was over. But I received a call from my husband to come to San Francisco where he would be in port three weeks.

I packed for a three week stay, but remained in San Francisco three years while Gil was in the South Pacific during World War II. For these three years I worked as an auditor in the auditing department of Metropolitan Life Insurance Company's Pacific Coast head office.

In January 1945 Gil's ship was hit by a Japanese suicide plane. The ship returned for

repairs and we were again transferred, this time to Chicago. Gil was security officer at a radio school until April 1946. The war had ended and my husband was ready for retirement. So we said "Goodbye" to navy life and headed for Nebraska.

While in Hastings visiting friends, we decided to make this town our home. We built our house and have been here 27 years. In comparison to Navy life, 27 years in one place is quite a contrast.

We have developed hobbies that we enjoy together. Among them are gardening, and square and round dancing. I also like to sew and write. Reading, as it has always been, is still one of my joys. We belong to a number of clubs in connection with our hobbies.

We plan to attend the May Alumni meeting. I am looking forward to renewing old memories.

Rachel Buck Applegate '34

Dear Thelma,

Thank you so much for
writing to tell me of the re-
union of our class. I plan to
be there - gasoline shaortage
permitting.

Since marriage in 1941, I
have been a housewife and mo-
ther of two sons, and I have
enjoyed every minute of it.
Besides participating in
school, church, club and com-
munity activities, I have
traveled with my husband who
is in international business to
South and Central America,
the Caribbean Islands, the Or-
ient and Europe. We spent De-
cember in Europe and returned
home to find our house topsy-

turvey from a robbery; and in
January Stan became ill with
hepatitis. He has been recov-
ering since then at home. We
blame Portugese shell fish.

Our two sons, Charles and
Steven are married - Charles
lives within telephone dis-
tance and is a Chemical Eng-
ineer; and Steve is in Peoria,
Illinois and has a Master's De-
gree in Business Administrati

It will be lovely seeing
you all.

Phyllis Bailey Anderson '34

Greetings to all friends of
Arnold Hi:

We're looking forward to
seeing many of you on May
25th.

We have a small farm about
twenty miles from St. Joseph,
Missouri - moved here in '71.
We had spent a summer in Es-
tes Park, and traveled around
for a year or two. Decided we
like the people and the chang
of seasons in the midwest, and
Arnold enjoys a few Hereford
cattle. We are semi-retired,
in good health and enjoying
family and friends.

Our children and families
live in Texas, Colorado and
Nebraska, and the youngest,
Walt is at St. Joseph. We got
them all together at the Lake
of the Ozarks last summer --
great fun for all 20 of us.
Grandchildren range in age
from four to twelve. They
play ball like pros, swim like
fish, and are most lovable.
A wonderful family who make
us proud and thankful every
day.

Till we meet,
Phyllis Anderson
St. Joseph, Mo.

Maxine Scott Costello '34

Dear Eldrige;

I would like to attend the
banquet but as of this dare I
cannot give a definite answer.
If I find I can attend I will
make a reservation later.

I am Office Manager for
Gibson - Homans Co. - a man-
ufacturing company.
Maxine Costello
Des Moines, Iowa

Eleanor Christensen Cornish

Dear Eldridge,

Thank you for the informa-
tion about our reunion. I'll
do my best to make it. My
mother who is eighty lives
with us, and her health is a
touch and go situation. Unless
she is able to travel at that
time, I'll have to stay home
as she could not stay here if
I were gone.

Sincerely,
Eleanor Cornish
Fairfax, Virginia

Ardyce Burnham McLaughlin

Dear Eldridge:

It looks as if we can plan
to be at the Alumni banquet
May 25. As you may know,
Helen Holt Dutrow also lives
in the Arvada area of Denver.
We see her and Jim frequently
and will probably make the
trip to Arnold with them. I
have been back there so little
and am so out of touch I'm
wondering if I will remember
my classmates at all. Anyway
it sounds like fun, and I'm
looking forward to it.

I am an R.N. - graduated
from Clarkson Memorial Hos-
pital in Omaha. I worked for
a short time after we were
married, and most of my
nursing since has been the
care of family or friends when
needed. My husband, Dean,
or "Mac" as he is called by
his friends is in charge of
Security and Special Services
for Union Pacific Railroad on
the Colorado Division. Our
two children are Gay - who
with her husband and three
children live in Pittsburg, Pa.
Our son, Kent, and his wife
live in Salt Lake City where
he's working towards his Doc-
trate in Psychology, which
he will have completed in
about a year.

See you before long,
Ardyce McLaughlin
Arvada, Colorado

Dorthea Dyke Will '34

Dear Eldridge,

I am sorry to tell you that
I don't think that we will be
able to attend the Alumni Par-
ty this year.

With the gas situation and
a few health problems we have
in our family here it is hard
to plan very far ahead.

We generally come back
once a year to see my parents
but I don't know if it will be
possible this year. It would
be interesting to see all my
old class mates again. I am
sure time has changed us all a
little.

My husband is a retired
dairy farmer. Due to his
health we sold the farm and
bought property in Superior.

It is like Winter Wonder-
Land here, as always in Janu-
ary, February and March main-
ly. Ski-doo's are very popular
here, as well as hockey and
ice skating.

I will close this letter by
wishing you all the very best.
Hope you get at least a 95%
attendance at the reunion.

Sincerely,
Dorthea Will
Superior, Wisc.

David Simms '34

Dear Signa;

I received the invitation
to our class reunion of forty
years and the get together in
the afternoon.

We definitely plan to attend
both the afternoon and eve-
ning. Hope we do have a real
turn-out. I enjoyed the get
together five years ago, and
am looking forward to this
year's meeting. I met Doris
Mudd in Anselmo last June
and had a very nice visit with
her.

I am still doing carpenter
work and contracting: we are
in the process of building our
new home here in Anselmo.

Looking forward to seeing
members of the class May 25.
Thanks, Signa, for all the
trouble you have gone to.

Respectively,
David Simms
Anselmo, Nebraska

Jane Nansel Goodwin '34

Dear Signa:

Really can't say at this
time if I will be home for the
banquet or not. Do hope to be
but let's say "time will tell".
With Del being sick I haven't
felt I could leave him, and he
hasn't been able to travel. He

is improving and gaining back
some of the wieht he lost.

I work for Stearns - Roger
Corporation as Supervisor for
the File and Mail Department.

Hope to see you -
Jane Goodwin
Denver, Colorado

Christiana Morrison Brosius

Dear Dorothea;

It was nice hearing from
you, and I hope I can attend
Alumni Banquet this year. As
far as I know I will be there
hoping to see all my old
schoolmates.

I work at the Riteway
Laundry as a seamstress in the
linen department.

Love,
Christiana Brosius
North Platte, Nebr.

Helen Holt Dutrow '34

Dear Signa,

We will make every effort
to attend the banquet May 25.

I'm trying to convince
Ardyce and her husband to
come with us. Kind of a coin-
cidence - Dean and Ardyce
dropped in on us the day after
we received the invitation.

We own and operate Real-
ty Services, Inc. - started
the company in 1966 and we
are both real estate brokers.

Sincerely,
Helen Dutrow
Arvada, Colorado

Era Mae Ervin Widholm '34

Dear Signa,

You can bet we'll be
there for the reunion. Pro-
viding we can get gasoline!
I'm so happy some of you get
behind a push to promote 100
percent attendance. Wouldn't
it be great since we're still
the largest class to graduate?
We may not always have that
distinction.

I'm changing jobs next
Monday - will still be work-
ing for the State of Wyoming
but will be Field Representa-
tive for the Division of Public
Assistance and Social Service.
Doesn't that sound impressive?
It at least means more money
and a higher grade.

Our young son is almost

17, completing his junior
year in high school. He has
applied for membership in an
"Up With People" group, and
has an interview and audition
next Sunday. He now thinks
he wants to be a music teach-
er, so his interest in being a
cook has waned. He worked at
Peterson's Buffet two years,
and says he won't go back
this year.

See you May 25.

Love,

Dear Dorothea -

So glad to get your letter
and we are planning big on
coming for the Banquet. Sure
hope everyone from our class
can be there and we can have
a good visit at our get togeth-
er Saturday afternoon.

We've had lots of snow
here this winter, but think
you've had more there.

We always read the Senti-
nel for news of everyone, but
don't see your name too often
And so much of the news only
tells a little bit and we won-
der what else is going on.

Bud Potter sent us a let-
ter also - so will you just
tell him we're coming and
we won't write to him.

Hope you and Bill are get-
ting along O.K.

Love,
Eleanor and
Nerman Horn

Dear Sharron,

Thank you for the card re-
minding me about my dues.

A year ago we were very
busy building our new home
just outside Kearney's city
limits. My husband, George,
likes it much better than in
the city. "You can take the
boy out of the country, but
you can't take the country out
of the boy". He had farmed
all his life until seven years
ago when we sold part of our
farm and moved into Kearney.
Now he is a seed corn sales-

man, works at a corn elevator and is a cattle feeder.

We have two married daughters, Sharon and Lenita.

In 1960 I was thrilled to go back to teaching school for four more years. I still enjoy my Sunday School class although limited physically.

Have always wanted to attend an alumni banquet and hope to this year, especially, since it's the 40th year for our class. Where have the years gone? Have already written to Signa Harter, who especially invited me.

Looking forward to seeing you all May 25.

Sincerely,
Arlene Segard

William McGuire '34

Dear Signa,

I will be attending the banquet May 25, and am looking forward to it.

Since retiring from the U.S. Navy in 1959 I have been employed at Lockheed Missile and Space Company at Sunnyvale, California, where I am a Senior Engineer.

See You!

Doris Mudd Linkhart '34

Dear Dorothea,

I appreciate your personal note on the letter regarding the "Grand" Reunion for the Class of '34. I would very much like to come back to Nebraska for that great event; however, our schools do not finish as soon as the ones out there so it will be impossible for me to be there. Our school finishes on June 15 and since I am employed by the Board of Education---it wouldn't

be quite fair for me to leave before school is out. I serve as school nurse in our Elementary School and thoroughly enjoy it. I teach Health to the Primary and Intermediate levels.

I am enclosing my dues for this year and last and hope that I can receive "the paper" so I can catch up on all the news of our "old" class mates.

Have a good time at the reunion and give my regards to everyone. I hope to be in Broken Bow later in the spring or early summer, and will try to give you a call, Dorothea.

Thanks again.

Love,
Doris Linkhart

Ellen Magnuson Lewis '34

Dear Dorothea and the Alumni Association:

I really appreciate your note and also the one from Hazel Stuppelbeen inviting us to the Alumni Banquet in May. Nothing would please me more than to be able to be there, but it's impossible this year. Paul, our son, will be graduating from high school on the 28th of May and they have activities the weekend of May 25th and 26th that we will want to attend. It would be so great to see a lot of the people we went to school with I guess Arnold will always be home to us even though we've been away a long time.

Glenn retired from Mountain Bell Telephone Co. in September of 1971 after 30 years service. He stayed home for 1 1/2 years and did all the things a retired person is supposed to do and then decided to go back to work part time. What started out as part time work ended in being Office Manager with a firm in Tucson, Arizona. Right now we have no plans to move and Glenn will work only as long as he enjoys it and his health permits. I keep busy at home doing all the things that keep a house and home together.

I know your Banquet will be a success and wish we could be there to be a part of

it.

Sincerely,
Ellen Lewis

REMINDERS:

Pay your dues before the night of the banquet - - it sure speeds you through the line faster - as well as making the secretary's work easier.

Pay your dues for several years at a time. It saves the Alumni the cost of mailing the dues reminder cards.

An Alumni's dues MUST be paid before he or she can attend the banquet. They are allowed one guest for the supper. The program is open to the public.

Gladys Pearce Dennis '23

Dear Sharron;

I want to thank the Alumni Association for the bountiful meal and nice time arranged for the Honor Classes at their yearly reunion. It was most interesting to meet classmates and other friends you hadn't seen in years.

The class of '23 is indebted to Sadie Bryan for the arrangements made for our class get-together in spite of almost impassable roads from her home in the country due to rains. Kenneth Downing appeared in his usual role as fun-maker with the use of his tape-recorder. Glenn Pinkston showed much determination by writing the classmates and urging them to attend the reunion. Between him and Frank Knox, I learned what grade school life was like at Arnold. Some of those tales should be recorded in Best Short Stories of the Year 1973. Opal Ervin Holbach summarized our feelings when she said, "I haven't laughed so much in years"

I retired in May 1973 after twelve years as Junior High Media-Specialist. Previous to that I spent one and one-half years getting a degree at Nebraska Wesleyan University, and two years working for the State Library Commission at the South Central Regional Library, Holdrege. It was a most rewarding experience.

Many of you older Alumni will remember my brother, Nolan Pearce, class of 1926. He passed away in September, 1973, after a lingering illness. He and Vira (Jeffers, North Platte) had four children: Nolan Lee, the twins Jackie and Bob, and Charles, the youngest who is now a student at UCLA.

John and I continue to live in Holdrege, and welcome you to stop and see us if you happen to be in our vicinity.

Sincerely,
Gladys Pearce Dennis
Holdrege, Nebr.

Charles Sell '30

Dear Mrs. Bean,

Enclosed is a check for Chuck's dues for '73 - '74. He does enjoy reading the paper.

One day we hope to be able to attend the banquet.

Yours truly,

Vivian Will Dahl '27

Dear Friends,

Enclosed are my 1974 dues.

I have just returned from a 124 day trip on a Norwegian freighter around South America. We called at 27 different ports in 12 countries and we had enough time to visit Cuzco and Machupicchu, the Inca empire in Peru; the Igauçu Falls in Brazil; and Bogotá in Colombia; as well as other places inland. It was a most exciting experience. I am really addicted to freighter travel and my next one, I hope, will be a Yugoslav one going around the world.

Sincerely,
Vivian Will Dahl

Attie Goodenow Fox '29

Hi Alumni!

Am sending check for my dues, and to let you know our change of address. We now live in our cabin at Estes Park, but get our mail from Drake, Colorado. We are now in Arizona but will be home around May 1. Hope we can make it to the banquet.

As ever,
Attie and Roy Fox
Drake, Colorado

Martha Root Shirley '37

Dear Alumni:

Enclosed please find my check for \$6.50. This should pay my dues through 1977. Please send me one of the 1972 directories.

I had hoped to be able to attend the banquet this year, but the gas shortage took that idea out of my head in a hurry.

One of these years I will manage to attend.

Seattle has had a cold, very wet winter. At least spring can't be too far away with all the flowers popping through the grass. Maybe it will warm up one of these days.

Hope the banquet will be a huge success.

Sincerely,
Martha Root Shirley
Seattle, Washington

Vern B. Shaw '35

Dear Sharron,

Thank you for sending notice of dues; enclosed please find check to cover whatever it will.

We sold our home in Sacramento and bought a real nice trailer home here where we are next to the river and close to our boat. So will be able to get in some good fishing.

I was retired in September due to disability, so will keep busy.

The weather here has been quite nice this winter. Hope it continues.

As probably all of you know my father passed away in January '73, and we miss him very much, although we do have our children and grandchildren close.

Tell everyone hello, and thank you.

Vern B. Shaw
Isleton, Calif.

Maxine Middleton Wonch '53

Dear Sharron,

Enclosed is \$1.00 to pay class dues for 1974.

I doubt if we are able to attend the Banquet. Don is custodian of the Ansley High School, and I'll be employed at the B.D. Plant at Broken Bow eight years on the 20th of June. Don worked at the plant three years and didn't like it.

Rodney is a sophomore, Debra a freshman and Diane an 8th grader, so are really growing up.

Will close,

Dear Sharron,

Hope this finds all well with you there. We are all o.k. and keeping busy with the coin business.

Hopefully we'll be in Arnold again in the future for a visit, but won't make it this May or summer. We plan on going to Alaska for this vacation.

Joy and Harry

Marguerite Main Williams '31

Dear Alumni:

Please find enclosed my check for '73 dues. I wouldn't want to miss the paper, really do enjoy it.

How is the gas supply back there? It is terrible out here! I am lucky if I can get a tank full in less than two hours. Most stations are closed by 11:00 a.m. for gas pumping, so I have to leave work to get any. I usually can get by for a week or ten days as we have cut out any unnecessary trips.

Hope it eases up some by summer as we do like to go to the mountains and coast a few times, also to visit the kids and grandkids.

Can't make the banquet this year, but hope to soon.

As Ever,
Marguerite Williams
Portland, Oregon

Lucille Butler Emel '35

Dear Sharron,

Sorry I am so late but my brother, Floyd Butler, passed away March 24th of a heart attack. He leaves his wife, Viola (Lindell) Butler, and two children: Dolores Hayes of Synnyvale, Aa of Sunnyvale, Ca. and Bill of Phoenix, Ariz., and six grandchildren.

Mother is still living and is 82 years young. The two sisters, Rowena Fawcner, Alberta Trujillo and Lucille berta Trujillo and me and one brother, James Butler.

I'm sure you will have a lovely time again this year.

Hope someday to be able to be in attendance.

Gay Nichols Danner '52

Dear Sharron,

Enclosed is \$2.00 for two years dues to the Alumni. We don't know yet if we can come or not.

I really appreciate what all of you Arnold people are doing to keep our Alumni so alive and active. Thank you all so much.

Una McGuire Walkup '26

Dear Alumni:

Enclosed is a check for \$2.00 to pay my dues for two years. I do believe I am paid up for this year.

Am still working and in April I will have been in this one store for twenty years. Looking back it doesn't seem that long.

A few years ago the store was sold, and as all others,

it is not the same. Really feel it is time to retire and when I do I plan to move to Grand Island and make a home for Mother. I have two brothers there and their families. My younger brother is in California.

Have had lots of rain here this winter. Today it has been gloomy and rainy off and on.

I will not be able to attend the Banquet this year but another year I am sure will be different.

The papers and TV have had so much about the gas shortage, but think most people made out O.K.

Hope the banquet and program is a success and that many are able to attend.

Sincerely,
Una McGuire Walkup

We now have a second home for the winter months at Hot Springs Village, Hot Springs, Arkansas. We are located on a fishing lake and a golf course - and 12 miles to Hot Springs City and the famous hot springs baths; and the horse races for 50 days in February and March. They have no snow, but plenty of rain, which delayed building our house. No gas problems yet, but expects problems anytime. So far only six days in the 30's, balance of time is in the 50's through the 70's, and March starts the warmer weather.

We are both well.
Earl and Isla Haught
Hot Springs, Ark.

The year 1973 was not the year for the Class of 1938 to be honored at the Alumni Banquet, but none-the-less they held a gala reunion. This was the first time in the 35 years since graduation that they had really got together, so they decided 1973 was the year. Twelve out of the twenty-five surviving class members were at the afternoon and evening gatherings. They are making plans for their 40th reunion in '78 now.

GREETINGS FROM THE PRESIDENT - - - - -

The work of the president has been relatively easy this year since I have had a fine group of officers and volunteers helping me. A special thank you to Sharron Bean, who has served as secretary-treasurer for three years. Her previous experience has been invaluable in making preparations for the banquet.

Another Multiplex for displaying class pictures has been purchased. Work is progressing on mounting the pictures and installing the unit. Keep your dues up so we can work on other projects.

The officers decided the secretary-treasurer's salary should be raised to \$100.00 per year. Additional book work involved with a growing organization and keeping the tax records justified this change.

Anyone wishing to help the night of the banquet with taking tickets or registering guests, please contact me. This would be an excellent opportunity to meet people you may otherwise miss.

Looking forward to seeing you at the banquet!

Your president,
Eddie Morrison

Vern Whitney '44

Dear Viola:
Thank you for your recent letter inviting me to the Alumni this year. It is always good to hear from my friends in Arnold. I usually try to get back there around hunting season, but usually time is short and I don't get to see very many of you.

Yes, I am planning to come to the Banquet this year providing there is enough petrol to make the trip.

I have one daughter, 16 years of age in Senior High.

She recently got her driver's license and is attempting to take over one of my vehicles now. She also has been learning to ski this winter. She spent some time on Harvey Brown's ranch last summer and loved it. It was good for her.

I am employed at Adolph Coors Co. in Golden, Colo.; the fourth largest brewing co. in the U.S. The company celebrated its 100th anniversary by selling 10,900,000 barrels of beer in 1973. I have worked there as a technician, foreman and supervisor in the maintenance of various types of automatic control equipment for the past 15 years.

If you ever get out to take a tour of our plant, give me a buzz. I am just one floor from the visitors reception

center.

I'll be looking forward to seeing you at our 30th this May.

Always,

ATTEND THE ALUMNI
BANQUET

1973 Alumni Banquet

And the rains came down - - - but spirits were not dampened as the 1973 Arnold Alumni gathering got into full swing on Saturday, May 26, 1973.

Class reunions started early in the afternoon where lots of memories were revived.

Serving of the roast beef dinner was from 5:00 to 7:00, and 430 enjoyed a delicious meal. Many more came to enjoy the program which began at 8:00.

Pausing for a moment to pay tribute to the deceased from the honored classes was led by Wes Larreau with Valarie Brown Jackson singing.

President Bob Foran introduced the MC Bob Prendergast of Omaha.

There was recognition of out-of-state guests. Returning faculty included Jerry Nordbrock from Gothenburg, Robert Groeteke of Lincoln, Opal Ervin Holbah of Ft. Collins, Colorado and Jack Headley of Sidney, Nebraska.

The three-generation-graduates had a new family join the ranks this year. Cleo Spratt Deterding '27, Pat Deterding Crow '53 and Penny Crow '73 were the new ones. Mynor and Cecil Smith and their families, John Dennis and his families and Floyd Lucas and his families were also present for the occasion. This is an elite, select group you know, and certainly does show a good deal of wisdom on the part of the parents - - (both sets) - - to choose Arnold High for their children's education.

The family with the most graduates present was the Crows; and the class with the largest attendance was '63 with 16 members present.

Musical numbers by Sharon Fales Shaw and her children were presented; followed by a skit "The Recall Shop". The honored classes were then recognized - and for the first time 60 year alumni were honored: Ethel Collins Perkins and Charles Reed. The 50

year grads, Class of '23, had an excellent attendance. Out of 16 grads, with one deceased there were 11 present. They were: Ralph Alexander of Kearney, Ross Brown of Pawnee City, Sadie Chilcote Bryan of Arnold, Vesta Chilcote Layton of North Platte, Kenneth Downing of Munroe Falls Ohio, Alma Hammond Jared of Corvass, Oregon, Noma Helt Wells, Stapleton; Gladys Pearce Dennis, Holdrege; Frank Pinkston of Grand Island, Glen Pinkston of Yakima, Washington; and Vernon Smith of Greeley, Colorado.

The class of '33 had six present; 1943 had 12 members there, as well as claiming the largest number of members who stayed close to the old alma mater - Alice Hagler Conner across the street and Franklin Scott 1 1/2 blocks north; '53 had 10 grads there; and '63 their 16 present. Door prizes were awarded, announcements made, and the meeting adjourned to the dance or various get-togethers.

Class Of '34 Udate

CLASS OF '34

The largest class - - - (In number not size) The Class of '34'll Give you a surprise! Scattered around the world From hither to yon - - They'll gather soon In the old home town. Their occupations vary - - They go like so: Doris and Ardyce are nurses two, Rachel has been on the go - Christiana "sews" Helen sells land Dortha Will retired As a dairy "hand", Bill McGuire is an engineer, Phyllis is a farmer's wife - Era Mae is a supervisor, no less - That must be the life! Office managers are Maxine and Jane,

David builds houses Stanley raises grain. Housewives? We have a lot: Ellen, Arlene and Eleanor C., Norman married Eleanor K. He's a bank guard-she's a secretary.

Some are scattered, Unheard from this year But we tracked them down 'Cause their memoies are dear Ruth Lloyd is a photographer In a far distant place - Frank Stacey is a postal clerk Factory worker is Abbie Zoerb's pace; Retired from selling real estate

Alta Edwards is, Bernice Patterson owns a telephone PX bizz - Lucille Teide and Thelma Reynolds

Are homemakers, they say, John Pinkston milks his dairy cows

That's a job for every day. Robert Gunter?

We didn't hear But I'll bet we'll see him For the "50th" year!

Then some chose to stay In Arnold to live - - To make the town better Their services they give. We find farmers Ralph Stupplebeen (married to Hazel)

Ed, Harvey and Dwight; A librarian is Noreen. Signa is a "chef" Roy practices law, June chases bees - Eldridge runs a meat saw; He slings the blarney When he sells meat To Marjorie and Thelma (He always was ornery)! Ralph Potter is the Elevator man, Dorothea teaches our kids All that she can - - The classmates are busy and Full of good cheer, They're planning a GRAND reunion this year!
