

Internal Board Policies - Methods of Operation

Formulation of Administrative Regulations

The Board of Education shall delegate to the Superintendent of Schools the function of specifying required actions and outlining detailed arrangements for operation of the schools. These rules and detailed arrangements shall constitute the administrative regulations governing the schools. These rules and arrangements must, in every respect, be consistent with the policies adopted by the Board of Education.

The Board of Education shall approve administrative regulations when specific state laws require such action or when the Superintendent recommends that the Board of Education take such action.
