February 5, 2021

Dear Counselor or Advisor,

We are pleased to send you scholarship application forms along with a spreadsheet listing scholarships we administer that might be relevant to your students.

These scholarship application forms have been changed from those used in the past, so please do not use old forms.

These application forms may be duplicated and given to students.

Please encourage each student to apply only for those scholarships where the student meets the eligibility criteria.

Students must submit a complete application for each scholarship for which he or she is applying. **A complete application includes the scholarship application form and all requested additional information for each scholarship.** Incomplete applications will not be considered.

Some scholarships are need-based and these require a FAFSA Student Aid Report with Estimated Family Contribution.

To ensure that your students all receive equal consideration, please stress the following requirements: a) **use only one side of 8½" by 11" paper and b) do not staple any portion of the application.**

Please note that applications must be delivered or **postmarked by the March 3, 2021 deadline.**

Judy Rossetter and Lori McKain oversee the processing of scholarship applications for Mid-Nebraska Community Foundation. If you have questions, please call either of them at 308-534-3315 or e-mail at mncf@midnebfoundation.org

Best wishes to you and your students,

Eric Seacrest
Executive Director
